SS SPECIALITY GASES PRIVATE LTD

CIN : U20111TS2026PTC209693

GSTIN : 36ABSCS4242E1Z5

Supplier of Industrial & UHP Gases

Premium Industrial, Medical & Speciality Gases

SS Speciality Gases Pvt Ltd

Reliable Gas Supply Partner for Industries, Hospitals, Laboratories & Research Facilities. We provide high-purity gases, speciality mixtures, and industrial gas solutions with strict safety and quality standards.

ABOUT OUR COMPANY

SS Speciality Gases Pvt Ltd is a trusted supplier of **industrial, medical, and speciality gases** serving a wide range of industries.

With years of experience in the gas supply sector, we ensure **consistent quality, safe delivery, and competitive pricing** for all gas products.

Our goal is to support industries with **high-purity gases and reliable supply chains**, so their operations run smoothly and efficiently.

SS SPECIALITY GASES PRIVATE LIMITED |HYD| +919550361265

Our Mission

To provide **high-quality gas solutions with safety, reliability, and customer satisfaction.**

Our Vision

To become a **leading supplier of industrial and speciality gases** across the region.

OUR PRODUCTS

Pure Gases

We supply a wide range of **high purity gases** including:

Industrial Gases

- Argon
- Ammonia Gas
- Dissolved Acetylene Gas
- Carbon Dioxide Gas
- Zero Air Grade
- Hydrogen Gas
- Helium Gas
- Nitrogen Gas
- Oxygen Gas

Speciality Gases

- Carbon Monoxide

- Chlorine
- Hydrogen Chloride
- Hydrogen Sulfide
- Nitric Oxide
- Methane Gas
- Ethylene Gas
- Nitrogen Dioxide
- Sulphur Dioxide (SO₂)
- Butane
- Propane Gas
- Sulfur Hexafluoride
- Isobutane
- Propylene

Refrigerant Gases

- R-22 Gas
- R-32 Gas
- R-134A Gas
- R-404A Gas
- R-407C Gas
- R-410A Gas

Mixture Gases

- Biomedical Mixture Gas
- Argon CO₂ Mix
- Nitrogen Hydrogen Mixture Gas
- Argon Hydrogen Mixture Gas
- Helium and Carbondioxide Gas
- Medical Laser Gases Mixture
- Argon Helium Mixture Gas
- Calibration Gas Mixtures
- Biomedical Mixture Gas
- Biological Mixtures
- Laser Gas Mixtures
- Double Mixture Gas
- Tri Mix

GAS CYLINDER SERVICES

We provide:

- Industrial Gas Cylinders
- Cylinder Refilling
- Gas Cylinder Rental
- Bulk Gas Supply
- Gas Distribution
- On-site Delivery

All cylinders comply with **industry safety standards and testing regulations.**

Calibration Gases

Argon CO2 Mix

Nitrogen-Hydrogen Mix

Argon-Hydrogen Mix

Tri Mix

Toxic & Flammable Gases

Hazardous gases requiring special handling and safety protocols

CHLORINE

Industrial Gas

Hazard Gas

Refrigerant Gases

R22

HCFC refrigerant for older air conditioning and refrigeration systems

Applications:

Air conditioning, Commercial refrigeration, Industrial cooling

Available:

Various cylinder sizes, Bulk tonner capacity available

R32

HFC refrigerant with lower GWP for modern AC systems

Applications:

Split air conditioners, Heat pumps, Commercial HVAC

Available:

Various cylinder sizes, Bulk tonner capacity available

R134A

HFC refrigerant for automotive and commercial refrigeration

Applications:

Automotive AC, Commercial refrigerators, Medical equipment

Available:

Various cylinder sizes, Bulk tonner capacity available

INDUSTRIAL APPLICATIONS & PACKAGING

Gas Type	Primary Applications	Product
Nitrogen	Refineries, Food Processing, Fire Prevention	

<p>Oxygen</p>	<p>Construction, Engineering, Glass, Medical</p>	
<p>Argon</p>	<p>MIG & TIG Welding, Purging</p>	
<p>CO2</p>	<p>Food & Beverage, Metal Fabrication</p>	

<p>Ethylene</p>	<p>Agricultural applications, fruit ripening, chemical manufacturing, polymer production</p>	
<p>Hydrogen</p>	<p>energy applications, electronics manufacturing</p>	

INDUSTRIES WE SERVE

Our gases are widely used in the following industries:

Manufacturing

Metal fabrication, welding, cutting, and heat treatment.

Healthcare

Medical oxygen and gases for hospitals and clinics.

Laboratories

High purity gases for research and testing.

Food Industry

Food-grade gases for packaging and preservation.

Electronics & Semiconductor

Ultra-high purity gases for manufacturing processes.

Chemical Industry

Process gases and specialty chemical gases.

QUALITY & SAFETY

Safety and quality are our highest priorities.

We ensure:

- High purity gas standards
- Proper cylinder handling and storage
- Safety compliant transportation
- Quality testing and certification
- Reliable and secure delivery

Our team follows strict **industrial safety procedures** to protect both customers and employees.

WHY CHOOSE US

- ✓ High Purity Gases
- ✓ Reliable Supply Chain
- ✓ Competitive Pricing
- ✓ Fast Delivery

- ✓ Experienced Team
- ✓ Industry Standard Safety

We are committed to providing **efficient gas solutions tailored to your needs.**
